**FASEB ANNOUNCES THE 2011 SUMMER RESEARCH CONFERENCE (SRC) SERIES:  
REGISTRATION IS NOW OPEN**

*Bethesda, MD* - Since 1982, the FASEB SRC's have offered a continuing series of inter-disciplinary exchanges that are recognized as a valuable complement to the highly successful society meetings. Divided into small groups, scientists from around the world meet intimately and without distractions to explore new approaches to those research areas undergoing rapid scientific changes.

FASEB has announced 37 SRCs planned for the summer of 2011. Series topics include:

CONFERENCE TITLE	LOCATION	START DATE
Microbial Polysaccharides of Medical, Agricultural, & Industrial Importance	Carefree, Arizona	6/5/11
Regulation & Function of Small GTPases	Saxtons River, Vermont	6/5/11
Proteases in Hemostasis & Vascular Biology	Carefree, Arizona	6/12/11
From Unfolded Proteins in the Endoplasmic Reticulum to Disease	Saxtons River, Vermont	6/12/11
The Molecular & Cellular Origins & the Biomedical Consequences of Protein Aggregation	Snowmass Village, Colorado	6/12/11
Ion Channel Regulation	Steamboat Springs, Colorado	6/12/11
Biology & Chemistry of Vision	Carefree, Arizona	6/19/11
Mechanism & Regulation of Prokaryotic Transcription	Saxtons River, Vermont	6/19/11
Signal Transduction in the Immune System	Snowmass Village, Colorado	6/19/11
Molecular, Structural & Clinical Aspects of Vitamin K & Vitamin K Dependent Proteins	Carefree, Arizona	6/26/11
Polycystic Kidney Disease: From Bench to Bedside	Saxtons River, Vermont	6/26/11
Melatonin Receptors: Actions & Therapeutics	Snowmass Village, Colorado	6/26/11
Histone Deacetylases & Reversible Acetylation in Signaling & Disease	Steamboat Springs, Colorado	6/26/11
Nutritional Immunology: Role in Health & Disease	Carefree, Arizona	7/10/11
Autoimmunity	Saxtons River, Vermont	7/10/11
Ciliate Molecular Biology	Crete, Greece	7/10/11
Molecular Mechanisms of Immune Cell Development & Function	Snowmass Village, Colorado	7/10/11
Dynamic Regulation of Membrane-Based Processes by Tetraspanins & Other Scaffold Proteins	Saxtons River, Vermont	7/17/11
Protein Kinases & Protein Phosphorylation	Snowmass Village, Colorado	7/17/11
Mitochondrial Assembly & Dynamics in Health, Disease & Aging	Steamboat Springs, Colorado	7/17/11
Probiotics, Intestinal Microbiota & the Host: Physiological & Clinical Implications	Carefree, Arizona	7/24/11
Protein Lipidation, Signaling, & Membrane Domains	Saxtons River, Vermont	7/24/11
Microbial Pathogenesis: Mechanisms of Infectious Disease	Snowmass Village, Colorado	7/24/11
Genetic Recombination & Genome Rearrangements	Steamboat Springs, Colorado	7/24/11
Translational Neuroimmunology: From Mechanisms to Therapeutics	Carefree, Arizona	7/31/11
Hematopoietic Malignancies	Saxtons River, Vermont	7/31/11
Epigenetics, Chromatin & Transcription	Snowmass Village, Colorado	7/31/11
Helicases & Nucleic Acid Translocases: Structure, Mechanism, Function, & Roles in Human Diseases	Steamboat Springs, Colorado	7/31/11
Intracellular RNA Transport & Localized Translation (An EMBO, FASEB sponsored conference)	Lucca, Italy	8/7/11
Mobile DNA in Mammalian Genomes	Snowmass Village, Colorado	8/7/11
Nutrient Control of Metabolism & Cell Signaling	Steamboat Springs, Colorado	8/7/11
Lysophospholipid Mediators in Health & Disease	Lucca, Italy	8/14/11
Glucose Transporters, Signaling, & Diabetes	Snowmass Village, Colorado	8/14/11
Gastrointestinal Tract XIV: Stem Cells, Adaptation, Inflammation & Cancer	Steamboat Springs, Colorado	8/14/11
The TGF- $\beta$ Superfamily: Signaling in Development & Diseases	Lucca, Italy	8/21/11
NAD Metabolism & Signaling	Lucca, Italy	9/4/11
Transcriptional Elongation in Health & Disease	Lucca, Italy	9/11/11

---

And new in 2011, FASEB has created individual event pages on Facebook and LinkedIn to help facilitate online collaboration prior to the meeting and beyond. This way, attendees can continue intimate discussions on these specialized topics even after the conference has ended. A listing of these event pages can be found at [www.FASEB.org/SRC](http://www.FASEB.org/SRC).

For more information about the 2011 SRC series, registration, locations, lodging, and travel, visit [www.FASEB.org/SRC](http://www.FASEB.org/SRC). Registration is now open for the 2011 SRC series.

For more information on organizing a new SRC or supporting an existing conference, please also visit [www.FASEB.org/SRC](http://www.FASEB.org/SRC).

*FASEB is composed of 23 societies with more than 100,000 members, making it the largest coalition of biomedical research associations in the United States. FASEB enhances the ability of scientists and engineers to improve—through their research—the health, well-being and productivity of all people. Our mission is to advance health and welfare by promoting progress and education in biological and biomedical sciences through service to our member societies and collaborative advocacy.*
