## FASEB EXCELLENCE IN SCIENCE AWARD

### CALL FOR NOMINATIONS

FASEB is seeking nominations for its 2012 Excellence in Science Award, that recognizes the significant accomplishments of women scientists. We look forward to another list of nominees that reads like a 'Who's Who' of international science, containing the names of outstanding women in science who have accomplished scientific work of lasting impact and have contributed substantially to training the next generation of scientists. The 2012 season for the FASEB Excellence in Science Award will begin January 1, 2011.

The Excellence in Science Award is sponsored by Eli Lilly and Company to recognize outstanding achievement by women in biological science. All women who are *members of one or more of the societies of FASEB* will be eligible for nomination. Nominations recognize a woman whose career achievements have contributed significantly to further our understanding of a particular discipline by excellence in research.

**~ NOMINATION DEADLINE: March 1, 2011 ~**

**Nominations must be submitted on the FASEB award website.**

**For more information about the Excellence in Science Award, please visit our "Spotlight" section of the FASEB website at [www.FASEB.org](http://www.FASEB.org).**

**To submit a nomination, please visit our Excellence in Science Award website at <http://excellence.faseb.org/tabid/69/Default.aspx>**

***PAPER SUBMISSIONS WILL NOT BE ACCEPTED***

*FASEB is composed of 23 societies with more than 100,000 members, making it the largest coalition of biomedical research associations in the United States. FASEB enhances the ability of scientists and engineers to improve—through their research—the health, well-being and productivity of all people. Our mission is to advance health and welfare by promoting progress and education in biological and biomedical sciences through service to our member societies and collaborative advocacy.*
