# New Concepts in Drug Repositioning

**Wednesday, November 10th 2021**

*Conference Organizer: Claudio Scuoppo, Instructor, Institute for Cancer Genetics, Herbert Irving Comprehensive Cancer Columbia University*

<table>
<thead>
<tr>
<th>Time (U.S. Eastern)</th>
<th>Agenda</th>
</tr>
</thead>
<tbody>
<tr>
<td>1:00 pm – 1:10 pm</td>
<td>FASEB Welcome &amp; Organizer Welcome</td>
</tr>
<tr>
<td>1:10 pm – 3:10 pm</td>
<td>Session I: Approaches to Repositioning</td>
</tr>
</tbody>
</table>
| 1:10 pm – 1:40 pm   | *Repurposing libraries as starting points for phenotypic drug discovery*  
**Steven Corsello, M.D.**  
Founder, Drug Repurposing Hub, Broad Institute, Boston, MA |
| 1:40 pm – 2:10 pm   | *Off and On-target Repositioning for Lymphomas*  
**Claudio Scuoppo, Ph.D.**  
Instructor, Institute for Cancer Genetics, Columbia University |
| 2:10 pm – 2:40 pm   | *Data-led strategies for Drug Repositioning*  
**John Overington, Ph.D.**  
Exscientia, Oxford, UK |
| 2:40 pm – 3:30 pm   | Break |
| 3:30 pm – 4:30 pm   | Session II: Applications |
| 3:30 pm – 4:00 pm   | *Drug Repositioning for Infantile Acute Lymphoblastic Leukemia*  
**Tanja Gruber, M.D., Ph.D.**  
Chambers Family Endowed Professor For Pediatric Cancer, Stanford School of Medicine, Stanford, CA |
| 4:00 pm – 4:30 pm   | *Drug Discovery in the Era of Precision Medicine*  
**Marina Siroti, Ph.D.**  
Associate Professor, Bakar Computational Health Sciences Institute, UCSF, San Francisco, CA |
| 4:30 pm – 4:35 pm   | Organizer’s Closing Remarks |
