

# NSF and NHGRI funded Meeting Scholarship Opportunity

Available Exclusively for The Yeast Chromosome Biology and Cell Cycle Conference

Thanks to generous support from the US National Science Foundation and the National Human Genome Research Institute, we have several meeting scholarships of up to \$500 available to eligible US-based trainees who are presenting a talk and/or poster at the meeting. Awards will be used to reimburse attendee registration/travel.

## Minimum Eligibility Requirements:

- Must present a talk or poster at the meeting.
- Must attend the entire conference.
- Must be a US based Participant working or training at a US institution
- Must be one of the following:
  - Postdoctoral Fellow
  - Graduate Student

## How to Apply

During registration, choose the “I am a US-based grad student/postdoc and I wish to apply for a meeting scholarship” option.

## Application Deadline

The deadline for travel award applications is **June 16, 2022**. Attendees receiving the award will be informed and will be reimbursed for their registration/travel expenses shortly after the conclusion of the conference.
