NSF supports research in science, mathematics, and engineering; integration of knowledge across these fields; and development of the nation’s STEM workforce. In this way, NSF promotes the nation’s health, economy, security, and global leadership.

### NSF Funding in West Virginia

- **$20.4M** total funding
- **51** grants & contracts

### Top NSF-Supported Sites

- West Virginia University
- West Virginia Higher Education Policy Commission
- Fairmont State College
- High Rocks Educational Corporation
- University of Charleston
- Marshall University
- West Virginia State University

### EPSCoR in West Virginia

- 3 Major Research Instrumentation (MRI) Grants
- 4 includes grants to broaden STEM participation
- 3 Research Infrastructure Improvement Grants
- 36 Co-Funded Research Grants

### Scientific Research in West Virginia

- **7** NSF Graduate Research Fellowship Program awards offered in FY 2018-19 to students who completed their bachelors in West Virginia
- **148** science and engineering doctoral degrees awarded in West Virginia in 2018 (Survey of Earned Doctorates, NCSES)
- **$492M** total science and engineering R&D expenditures in West Virginia across all sectors—industry, biotech, academia, and government—in 2017 (National Patterns of R&D Resources, NCSES)
